PRESIDENT'S NOTES

Easter, we celebrate this day for the resurrection of our Savior, Jesus. Jesus sacrificed His life for our sins and conquered death the third day. This event signifies our victory in Christ, forgiveness for our sins and our hope for eternal life in heaven.

This time of year also signals a renewal or awakening. Grass starts turning green, trees and bushes start budding and plants start pushing up through the ground. The days are getting warmer and longer and the snow is just about gone. Spring is here and ride season is about to commence. We start getting our motorcycles ready to ride. We wash off the winter dust and polish the chrome. We check our riding gear and we're ready to ride, or are we. We look around, our machines are ready to roll and we look good on the outside, but what about the inside. Are our hearts and minds ready? Have we prepared and equipped ourselves for those God will put in our path. We must put as much care and preparation into ourselves in order to be effective in our mission to share Jesus with others. Sounds like, maybe, we could use a little spring cleaning on the inside. Get rid of the junk, sweep up the unwanted messes and polish up our insides, so we can shine for Jesus.

Our CMA mission is not to ride wearing our colors, but to show Jesus wherever we ride, wearing our colors that bare His name. We ride with Jesus, for Jesus and because of Jesus. Not what we can give, but what He has given us.

God Bless,

Robert Moran

VICE-PRESIDENT'S NOTES

Hi everyone here are some things I thought you may be able to be inspired with and uplifted also very good tools of our trade Hope all are being blessed and well my prayers are with you. God Bless Ron

Vision: *Changing the world, one heart at a time.*

We will accomplish our vision through:

- Evangelistic outreach primarily, but not exclusively, to the motorcycling community.
- Run for the Son, where we will partner with ministries with world-reaching potential.
- Equipping our members in ministry training that aligns itself with Biblical truths.
- A servant's attitude to the world and to our members (I.e. Here if you need us).
- Quality products that aid in evangelistic outreach.

An effective Work Center support team.

CMA Ministry Partners:

CMA partners with three other ministries (Jesus Film Project, Missionary Ventures, and Open Doors) to spread the Gospel around the world. In 2008 CMA donated \$806,841.65 to each one of the three ministries as a result of the Run for the Son fundraiser.

Mission:

To inspire our leaders and members to be the most organized, advanced, equipped, financially stable organization, full of integrity in the motorcycling industry and the Kingdom of God.

Doctrinal Statement:

The Christian Motorcyclists Association is interdenominational and evangelistic in nature. We believe in:

- The Bible as the inspired and infallible Word of God.
- One God, eternally existent in three persons: Father, Son and Holy Spirit.
- The virgin birth and deity of Christ, His explicit atoning death, bodily resurrection and ascension.
- Salvation through the blood of Jesus Christ.
- The sanctifying power of the Holy Spirit who enables a believer to live holy.

The second coming of Jesus Christ.

The Ride Plan

Have you prepared your ride plan?

Step #1 - Pick Your Road.

So Many Roads, So Little Time! Everybody enjoys a beautiful, scenic ride on a bike. Few people really enjoy riding the flat, straight roads. The flat, straight roads are practical when you are in a hurry, but nobody really enjoys riding them. Many people have ignored or rejected God because they think He wants to take the joy out of their ride, but God loves you and wants you to have a wonderful ride through life. In John 10:10 Jesus said, "...I have come that they might have LIFE and have it to the fullest!"

Step #2 - Consider Your Destination.

Where a Road Ends Is Important Too! A beautiful road leading to a fatal end is a deceptively bad road. The same is true on your Spiritual Ride. Prov. 16:25, "There is a way that seems right to a man, but in the end it leads to death." We have all taken some wrong turns on life's road (committed sin). Rom. 3:23, "For all have sinned and fall short of the glory of God." Any turn from the road detours us from Heaven to Hell. Rom. 6:23, "For the wages (destination, end result) of sin is death....."

Step #3 - Realize Your Dilemma.

You Can't Get There From Here! If the Grand Canyon separates you from your destination, you're done. Your bike can't jump the Grand Canyon, no matter how good it is! Everyone's Spiritual Ride ends at the canyon of

Sin and Death. You can't jump it, no matter how good you have been. There is no way YOU can do it, but God made a bridge over it. In John 14:6 Jesus answered, "I am the way, the truth and the life. No one comes to the Father except through Me."

Step #4 - Cross the Bridge Today!

Tomorrow Never Comes! To simply know the facts about the Bridge does nothing to solve your dilemma. You must make the decision to cross the Bridge. A bridge isn't crossed by acknowledging its presence or by good intentions of crossing it some day. You must accept Jesus Christ as God's only answer to your dilemma. A couple isn't married until they commit their lives and say, "I do". Jesus Christ isn't Lord until you commit your life to Him. You must accept Christ by an act of your will in FAITH, not the feelings of your emotions. You do that by simply asking Him to come into your life and take over. In Rev. 3:20 Jesus said, "Behold, I stand at the door and knock. If anyone hears My voice and opens the door, I will come in....."

Reality Check:

Take a good look at the two roads below.

Your map is your own common sense. Your way is as good as any other way. You ride with fickle friends. You plan to cross the canyon by your good works outweighing your bad works to earn God's love.

Ride Plan #2

Christ and the Bible direct your life. You acknowledge Jesus as the only Way. You ride with the Good Shepherd. You plan to cross the canyon by submitting to God's plan and receiving His love. Which Road best describes your life? Would you like to change to Road #2?

How To Change Roads.

Simply pray and ask Jesus Christ to change you TODAY.

God is personally calling you TODAY.

Pray this simple prayer TODAY:

"Lord Jesus, I admit that I am a sinner in need of salvation. Please forgive my sins and come into my life as my Lord and Savior. Give me a new mind, a new heart and a new life. Direct me in my daily decisions so I can turn from sin. Take me to Heaven when I die and fill me with Your Holy Spirit now. Thank You for hearing my prayer and saving my soul TODAY."

If you prayed this prayer and meant it, Jesus Christ promised to come into your heart, forgive your sins and give you a new life. It is impossible for God to lie, so receive His love, ride with His peace and begin a new life TODAY.

Ron Harvey (VP)

God Bless

ROAD CAPTAIN'S NOTES

Before You Dismount

Six things to do

By: James R. Davis

We all have our own unique way of doing things. Some people, for example, do exactly two things before they dismount their bikes: they turn off their ignition switch and they put down their side stand. Given a little thought about it, however, I think there are a few more details to attend to (however 'uniquely') before we dismount our motorcycles, and if we make a habit of doing them we can avoid some major trouble for ourselves.

1.) **Use your engine cutoff switch to shut off your engine**

Some people seem to think that switch is there for use only in an emergency. Not true. The reason you use the engine cutoff switch rather than the ignition switch to shut off your engine is because you do not have to take your hand off the grip in order to do so. Further, if you make a habit of doing so you will build 'muscle memory' as to where it is so that you can quickly and unerringly find it in the event of an emergency.

2.) **Turn your ignition switch off**

Obviously, unless you do this your lighting system is still on and your battery is discharging. By the way, it is good form to get into the habit of using your LEFT hand to turn off the switch (if possible) so that you can keep your front brake lever activated.

3.) **Turn your fuel valve (if you have one) to the OFF position**

A stuck needle valve in one of your carbs can allow a great deal of gasoline to leak past it. If a needle valve should happen to stick while your motorcycle is left in your garage overnight, that leaking gasoline can cost you your house and your life. When you start your motorcycle you should always turn your fuel valve to the RUN/ON position. Thus, by making it a habit of turning the valve off at night you also eliminate the risk of having left it in the reserve position (had it been there when you last dismounted) and running out of gasoline on the road somewhere.

4.) **Put your side stand down - and confirm that it is locked in place**

After leaning the bike onto the side stand you have insured that it is stable from side to side before you try to dismount. (Your bike should be in first gear and you should push the bike forward until all the play in your gears is gone before leaning the bike onto the side stand.)

5.) **Turn your handlebars full-lock left**

A motorcycle is several times more resistant to movement when the front wheel is not pointing straight ahead. Even a gentle nudge from behind can cause a motorcycle that is on its side stand to roll forward unless the front wheel is not pointing straight ahead.

6.) **Squeeze the front brake lever**

If you build these six steps into a habit that you always perform before dismounting, you are serious about ALL aspects of motorcycle safety.

The ride is not over until you are safely dismounted.

Bike Clinic is April 17th!

Have a Blessed Ride!

CHAPLAIN'S NOTES

Greetings everyone!

As a CMA member we are all excited that spring is here and we have hopefully been able to take in some rides. I have seen lots of motorcycles out already this spring. When I see a rider on the roadway; I stop and say a prayer for them to know Christ as their savior and for a safety as well. Do you do the same?. I encourage you to do so if you don't already.

I have noticed that God brings riders to me also. Have you ever noticed that ? It is the holy spirit at work in you and through you. I was at a store the other day and I was talking to the clerk and I felt a nudge in my spirit to ask the clerk if he was a rider? So, I mustered up the courage and asked him if he rode motorcycles? He looked very surprised and said, yes, How did you know he said? I just thought you might be I told him. I told him I was too and that I was a member of the CMA and invited him to come to a CMA chapter meeting and to join us on upcoming rides. I told him we have allot of fun and that we would like for him to join us sometime soon. I told him that we also pray and ask God to bless the bikes and the riders and we would be honored to pray for him and his bike.

Pray for opportunities to share Christ and CMA with others and listen to the prompting of the holy spirit to share him with others. He wants and desires for us to share HIS message of forgiveness of sins and hope and love. People are hurting. We live in difficult days. People are losing their jobs and health insurance and losing their homes. People are hungry for the message of hope through the resurrection power of Christ. God did not promise we wouldn't have problems, but He did promise to be with US through our difficult times. He will never leave you nor forsake you..

Be ready to share and listen for the prompting of the holy spirit. He will help you to share and He will give you the words to share what that person needs at that moment.

Share HIM on the highways and the byways!!!

Blessings and safety to you all on the highways!!!
